PROFESSIONAL SUMMARY

I'm Kuldeep Kumar, a passionate Full Stack Developer with expertise in front-end and backend technologies. I love building robust and userfriendly web applications using languages like JavaScript, HTML, and CSS. I enjoy tackling complex challenges and delivering high-quality solutions. I take pride in my ability to collaborate with cross-functional teams and deliver projects on time. Let's connect and explore exciting opportunities in the world of web development!"

EDUCATION

Masai School
Full Stack Web Developer
Jun 2025
Forte Institute of Technology, Meerut, Uttar Pradesh
MCA
Jul 2023
Vidya Institute Of Creative Teaching, Meerut, Uttar Pradesh
BCA
Jul 2020

SKILLS

Technical Skills: Responsive Web Design, Redux, CSS3, HTML5, RESTful APIs, MongoDB, Express.js, Node.js, Git, React, JavaScript
Soft Skills: Effective Communication, Adaptability, Problem Solving, Time Management, Teamwork

PROJECTS

Bloggify | *React, HTML5, CSS3, Git, Node.js, Express.js, MongoDB, Tailwind CSS*

- Deployed Link : https://bloggify-gamma.vercel.app/
- Github Repo : https://github.com/Kuldeep83986/bloggify.git
- Developed a full-stack blog application with user registration, login, and JWT-based authentication using React, Node.js, and MongoDB.
- Implemented role-based access control to allow admins to manage posts and users, including creating, uploading images, and deleting content.
- Designed responsive user interfaces with React, Tailwind CSS, HTML5, and CSS3 for seamless browsing and post interaction.
- Enabled users to read articles, post comments, and view posts with images and descriptions on the homepage.
- Managed backend APIs with Express.js and Mongoose for secure data handling and efficient CRUD operations.

Virtual Class Room | *React, HTML5, CSS3, Responsive Web Design, Git*

- Deployed Link : https://67b3066d8fa230188e87bc4d--silly-bonbon-e1d209.netlify.app/login
- Github Repo : https://github.com/narasimhaDln/VirtualClassRoom.git
- Contributed to the development of the profile and settings sections, enabling users to update personal information and customize preferences.
- Implemented responsive web design using React, HTML5, and CSS3 to ensure a seamless experience across devices.
- Integrated secure user authentication features, including login and signup functionality, to protect user data.
- Collaborated using Git for version control, facilitating efficient teamwork and code management on the project.
